OSCAR-TIMOTHY I OKOLO

SOFTWARE & TECHNOLOGY | *http://straightuptech.com*

OBJECTIVE

To secure a challenging position where I can serve your organization/company with my unique skills and hard-working nature to obtain the desire result.

SKILLS

Analytical and problem-solving skills.

Great Communication & Interaction skills.

Highly Adaptable to changing environments

Expert skills in Mathematics and Critical thinking.

Proficiency in Web and Graphics design and related languages or Software

Reading, Understanding, Writing and editing lines of code.

EXPERIENCE

TUTOR • SELF EMPLOYED • AUG'14 – NOW
I have had the opportunity to tutor in classes ranging from 3 to 80 students. In the course of 5 years I have diversified in areas I covered. They include:

- Math: Elementary math, Linear Algebra, Actuarial math, Discrete math, Optimization theory.
- CS: Basics of Computer Programming, Compiler construction, Operations research, System Analysis and Design, Object Oriented Programming.
- Physics: Introduction to Physics 1 & 2.
- Practical: Computer Appreciation, MS Packages(MS Word, Excel, Access, Power Point, One Note), Web Design (HTML, CSS, CSS-libraries, JavaScript, JavaScript-libraries)

In this short period of time as a tutor I did the following:

- Organized tutoring environment to promote productivity and learning.
- Resolved conflicts among members of the class.
- Communicated with parents/guardians about trouble areas or any other issue that requires attention.
- Engaged Students in healthy conversations that helped improve them not just in class activities.

While tutoring I have had some achievements which include:
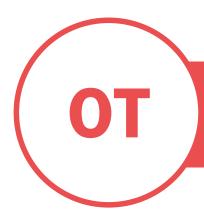

- Increased the standardized test score for students in math by (30%) in their individual schools.
- Had 60% of the class admitted and enrolled in the university the following year.
- Promoted collaboration by having students from different departments learning together.

TECHNOLOGIES

Advanced MS Office (Word, Excel, Access, Power Point, Sway, Project, Forms…)

Adobe (Photoshop, inDesign, Illustrator, Comp….)

HTML, CSS & CSS Frameworks (Bootstrap, Materialize)

JavaScript and JavaScript Libraries (jQuery…)

Firebase and other database tools.

Github

SEASONAL TEAM MEMBER • TARGET • SEPT18 – JAN'19
I had the opportunity to work as an Electronics Team Member.
where I carried out the following duties:

- Demonstrate passion for electronics and deliver an exceptional guest experience by connecting guests to the right product to enhance their lives.
- Use routines to actively maintain brand representation standards throughout the day.
- Maintain composure during peak traffic hours and proactively assist multiple guests.

The following was achievements were made:

- Got the highest score on the Electronics team by offering service plans and accessories to ensure guest awareness of extended services such as warranty plans
- Moved the Team from yellow to green zone by increasing attachment rating.
- Received two recommendations from the Senior Team Leaders.

EDUCATION

O LEVEL • JULY 2015 • CREATIVE MINDS FOUNDATION
Was a three-time overall best in Mathematics both at Junior and Senior Level.

BSC• NOVEMBER 2019 • NNAMDI AZIKIWE UNIVERSITY,
Relevant Coursework: C++, JAVA, Data Base Management Systems, Algorithms & Complexity Analysis, Discrete Mathematics, Linear Algebra, Artificial Intelligence, Expert Systems, Statistics, Simulation & Modelling, Project Management.

OSCAR-TIMOTHY .I. OKOLO

VOLUNTEER EXPERIENCE OR LEADERSHIP

- Computer Science Department President(2019).
- Member of Final Year Forum Committee(2019).
- Bootcamp Leader (2019).
- Team 1 Project Leader(2018): Design and implementation of an Iteration calculator (Team of Five)
- Director of Software, Nigeria Association of Computer Science Students(2017)
- Team E Project Leader(2017): Design and Implementation of a hospital Database Management System (Team of Ten)
- High school Senior Prefect(2014).

HOBBIES

- I enjoy playing chess & checkers and started a chess club in my department.
- I love team sports and was the captain of my soccer team in Secondary and Primary school.
- In my leisure time I read programming books and look at different User Interfaces.
